E. Requirements:

**Citizenship.** GRs/SVs are not required to be U.S. citizens or U.S. permanent residents. However, non-immigrant foreign nationals (i.e., non-U.S. citizens or permanent residents) must be cleared by the Division of International Services (DIS), Office of Research Services (ORS), NIH, in order to permit their assignment at NIH. Such clearance is required before the assignment may commence. (See also Section M on Visas).

Federal Government standards for minors must be followed in accepting the services of volunteers who are under 18 years of age. Where required by State or local government law or regulation, work permits must be obtained. The agreement of a parent or guardian is also required before the volunteer services of minors can be accepted.

**Medical Requirements.** GRs/SVs must meet medical requirements in accordance with NIH Manual 2300-339-2, Medical Qualifications Determinations.

**Patient Contact.** Consistent with applicable PHS policy, SVs who will engage in direct patient care activities in the NIH Clinical Center must have and maintain current valid professional licensure, have their professional credentials reviewed, and obtain clinical privileges consistent with requirements specified by the IC. Any patient contact by a non-immigrant foreign national SV must be consistent with visa provisions and authorized by the DIS, ORS (see also Section M on Visas). GRs, regardless of citizenship status, are not eligible for any level of patient contact.

**Health Insurance.** GRs/SVs are not eligible for health insurance coverage under the Federal Employees Health Benefits Program. Those who do not have adequate health insurance must obtain immediate coverage that is substantially equivalent to the Federal Employees Health Benefits Plan and show proof of coverage prior to beginning an assignment. NIH may not purchase health insurance for GRs/SVs. GRs/SVs who fail to obtain adequate health insurance coverage will be denied the use of NIH facilities. Furthermore, those sponsored as J-1 Exchange Visitors who willfully fail to obtain and maintain the minimum health insurance coverage (for themselves and any J-2 dependents) required by the United States Department of State (DOS) will be deemed in violation of these regulations and may be terminated by DIS, ORS, as a participant in the exchange visitor program.

Since the GR is not covered by the Federal Employees Compensation Act, it is critical that any individual purchase health benefits. Under 5 U.S.C. 8101(1)(B), Compensation for Work Injuries, volunteers may be eligible for certain benefits for work-related injuries or illnesses.
<table>
<thead>
<tr>
<th>Security/Background Clearance:</th>
<th>The same tests of character, reputation, and fitness applicable to regular Federal employees should be considered in accepting the services of volunteers. In addition, all individuals involved with the provision of child care services must have a background check consistent with 42 U.S.C. 13041.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Medical Executive Committee Review (MEC).</td>
<td>SVs who may be providing clinical care should have their clinical credentials approved by the MEC or other credentialing entity recognized by the Deputy Director for Intramural Research. In addition, any patient contact by a non-immigrant foreign national SV must be consistent with visa provisions and authorized by the DIS, ORS. (See also Section M on Visas).</td>
</tr>
</tbody>
</table>
| Employing Organization/NIH Agreement. | Because SVs provide a service to NIH, ICs should enter into written agreements that stipulate that employing organizations have agreed to relinquish supervision over activities and services performed at NIH*.

| Documentation Requirements. | All documents specifying the terms, conditions, and limitations of GR/SV status should be filed and |

<td><strong>F. Exceptions:</strong></td>
<td>Exceptions to this policy in an intramural, including clinical, setting require the approval of the Deputy Director for Intramural Research (DDIR), NIH, or the DDIR's designee. ICs should establish policy on exceptions in non-intramural settings.</td>

G. Tort Claims/Malpractice Coverage
G. Tort Claims/Malpractice Coverage:

- GRs are not eligible for coverage under the Federal Tort Claims Act in the event of a tort/malpractice claim.
- It is considered that volunteers may be eligible for coverage under the Federal Tort Claims Act (28 U.S.C. 2671 et seq.) and under section 224 of the PHS Act, from personal liability for damages or injuries that arise from actions occurring within the scope of their Federal assignment and while under the direct supervision of a Federal employee. However, the ultimate decision on issues of liability and coverage depends on the circumstances of each situation. Thus, the U. S. Department of Justice may decline to represent a SV in a given situation.

**M. Visas**

<table>
<thead>
<tr>
<th>PROVISIONS</th>
<th>GUEST RESEARCHER</th>
<th>SPECIAL VOLUNTEER</th>
</tr>
</thead>
</table>
**M. Visas:**

Non-immigrant foreign nationals GRs/SVs must have appropriate visas that support their activities at NIH. The approved Form NIH 590 and supporting documentation for these individuals must be sent to the DIS, ORS. The candidate GR/SV must be cleared by the DIS, ORS, in order to permit their assignment at the NIH. Such clearance is required before the assignment may commence.

The full document requirements can be located on the DIS web site ([https://www.ors.od.nih.gov/pes/dis/AdministrativeStaff/Pages/Checklists.aspx](https://www.ors.od.nih.gov/pes/dis/AdministrativeStaff/Pages/Checklists.aspx)). Requests for all non-immigrant foreign GRs/SVs should be sent to the DIS in accordance with their processing times ([https://www.ors.od.nih.gov/pes/dis/Pages/default.aspx](https://www.ors.od.nih.gov/pes/dis/Pages/default.aspx)).

For requests for J-1 Exchange Visitor status, note the following:

- GRs/SVs must have ample funds for their support, as determined by DIS per guidance from the Department of State and the Department of Labor.
- GRs/SVs must have, at a minimum, a Master’s degree or equivalent.

In some instances, a non-immigrant foreign GR/SV may come to NIH as a Temporary Visitor for Business in either B-1 or WB status (Visa waiver for Visitor for Business: intended for stays of 90 days or less for individuals from certain countries), provided he/she will receive no salary or other remuneration from a U.S. source. The B-2 (Temporary Visitor for Pleasure) or WT status (Visa waiver for Visitor for Pleasure: for stays of 90 days or less for individuals from certain countries) is intended for tourism purposes and is not allowed for GR/SV assignments. For further guidance, refer to the DIS Technical Advisory 5 ([https://www.ors.od.nih.gov/pes/dis/AdministrativeStaff/Pages/B-1TemporaryVisitors.aspx](https://www.ors.od.nih.gov/pes/dis/AdministrativeStaff/Pages/B-1TemporaryVisitors.aspx)).

Non-immigrant foreign GRs/SVs must be physically located at NIH research facilities and not in contract facilities or at local universities. Any patient contact by a non-immigrant foreign SV must be consistent with visa provisions and authorized by the DIS, ORS (refer to the DIS Technical Advisory 4 for a summary). GRs, regardless of citizenship status, are not eligible for any level of patient contact.

**Leave of Absence:**

The DIS, ORS must be notified and concur with extended absences in order to avoid violation of immigration rules and regulations.

**Outside Activities:**

Non-immigrant foreign GRs/SVs must receive approval from the DIS, ORS, before any outside activity may commence. For further information or guidance on immigration-related issues, contact the DIS, ORS.

Dear ___________________:  

On behalf of the _____________________, I would like to thank (outside organization) for agreeing that you may serve as a volunteer for NIH while on sabbatical or leave of absence.

(ICs should insert information that briefly discusses the mission and programs of the organization, and the nature of the volunteer assignment.)

You will not receive any direct compensation from the NIH for services or activities you perform as a volunteer at NIH. Although (name of outside organization) is providing your compensation in sponsorship of your activities here, your activities will be carried out under the direction and for the benefit of the IC in accordance with the agreement reached between NIH and (name of outside organization).

Before you agree to serve as a volunteer in our organization, I must ask that you read the attached NIH Special Volunteer Agreement. This is a standard agreement that we enter into with all Special Volunteers, and is for your protection as well as ours. If you have questions concerning any of the provisions in this agreement, or would like clarification, please call me on ________________.

If the terms of this agreement are acceptable to you, please sign the attached agreement, have your employer sign, and return it to me. As soon as we receive the signed agreement, we will proceed with the final arrangements for your volunteer assignment.

If not a US citizen or permanent resident: Official notification of your assignment will be sent under a separate cover, along with the applicable immigration documents, from the NIH Division of International Services (DIS), Office of Research Services (ORS). Please do not make any visa or travel arrangements until instructed by the DIS.

I look forward to our future association.
Sincerely,

IC Designated Official
